

# Switzerland, Glarus, Näfels, Wageten, Waget's

## Location

**Wageten** is a climbing crag about 6 km east of Näfels. The nearby **Bruggler** is much more known to the climbing community. Check the Climbing Guide **GL climbs** for further information how to get there. The route is located at in sector west and is right of the **forgotten project (Vergessenes Projekt)**. And name **Waget's (N47.11859° E8.99744°)** is marked in red at the start of the route.

## Equipment

**Waget's** is fully equipped. You need 17 quickdraws. The belaystations are bound together with ropes and has a maillon rapid. 80 m rope. With shorter rope (at least 60 m) you need to rappel and use the intermediate belaystation.

## Route Description

**1st pitch:** 6a+/6b, 25 m, 10 bolts

**2nd pitch:** 5c+, 15 m, 6 bolts, but you can climb both pitches easily together. You might need to rappel down and use the intermediate belaystation.

Näfels, Wageten  
**Waget's**  
(6a+/6b)
